

Plastic & Aluminum Corner (Filet) Rollers

Rodillos de esquina en plastico y aluminio

Our corner rollers have been developed over years of research and customer feedback. This could be the most important roller in your tool box. Our corner rollers insure proper lay-out and air relief in the most important part of your laminate, the filet. 5 different radii for a size perfect for your parts. Aluminum and Plastic are machined to the exact same tolerances. We machine our custom mounting stud from hex stock, which eliminates pesky clips and washers. Just use a 1/2" socket and a Phillips screwdriver. This design allows for easy disassembly for cleaning. It also is a very compact design, utilizing plated flat stock. This design allows our corner rollers to work in tight areas that our competitors do not dare enter!

Plastic Corner (Filet) Rollers (Std. Length)

Plastic Handles

530A/B-CR2	2"Dia x 1/4" Wide, 1/8" Radius (Filet) (50mm x 6.5mm x 3.2mm Rad.)
530A/B-CR3	2"Dia x 3/8" Wide, 3/16" Radius (Filet) (50mm x 10mm x 5.0mm Rad.)
530A/B-CR4	2"Dia x 1/2" Wide, 1/4" Radius (Filet) (50mm x 13mm x 6.5mm Rad.)
530A/B-CR6	2"Dia x 5/8" Wide, 3/8" Radius (Filet) (50mm x 15mm x 10mm Rad.)
530A/B-CR8	2"Dia x 3/4" Wide, 1/2" Radius (Filet) (50mm x 18mm x 13mm Rad.)
