

Introducing the new Model 120 Gel coat & resin spray gun

The new Model 120 spray gun is the new standard for quick and easy spraying of gel coats and resins. As it's predecessor, the G100 gun, it is easy to use and just as important, quick and easy to clean. It will spray a wide variety of materials including gelcoats, resins, Pva's and it will perform sand blasting with the proper spray tip. The G120 gun comes with one heavy duty plastic cup which will withstand acetone and keystone, and a selection of paper cups.

New and improved CNC fabricated fluid nozzles. These new fluid nozzles retain their solid brass construction but now feature a common 1/2-20NF thread for easy repair and refurbishment.

Note: G120 Fluid Nozzles can be used on G100 and G200 Spray Guns by upgrade the cast lid to G120-010. See Diagram for details..

Solid brass fluid nozzles ranging from 1/32" (0.78mm) to 9/32" (7.14mm) for spraying a wide variety of materials, including spray granite.

Model 120 Features

This professional grade sprayer is a must for every fiberglass or composite shop. The new permanent mold aluminum casing is comfortable to use. It is ideal for spraying gel coat into open molds. With tens of thousands of it's predecessor in use all over the world, this gun is the new standard for producing quality parts with a limited equipment budget. This gun will spray faster than conventional HVLP guns and will clean up in just a few minutes. It uses standard paper cups or our exclusive graduated poly-pro cup. The key is our unique vacuum generating nozzles that have radial grooves, allowing for lateral and downward spraying.

The G120-6 comes complete with a gel coat nozzle, our G120-FN6 which works for most standard gel coat spraying, micron gage, nozzle cleaning brush, plastic cup liner, plastic and paper cups. With thousands of ES Manufacturing Cup Guns being used all over the world, this is the standard for simple to use, simple to clean spraying of a wide variety of materials used in a composite shop. The G120 is our best selling gun because of its low price and versatility.
